COVID-19 Update from Geneva Public Library: The Library remains closed to the public until further notice for the safety of our community and staff and to mitigate the spread of COVID-19.

We are still available to help:

While our physical building is closed, our staff can serve you via email, geneva.library@gpld.org, and phone, (630) 232-0780. We are here to assist you and can answer questions about your account, how to use our Digital Library, offer tech support for your devices, provide book recommendations, and more.

Some Library services are suspended:

Because your safety comes first, we have changed or modified some Library services until further notice:

- We have eliminated all holds
- We have extended due dates for your books and materials so you can enjoy them longer
- We have also waived overdue fines for books and materials due so you don’t need to worry about accruing any fees
- **Please do not return Library books and materials until further notice**
- In-person services such as drive-up/drop-off for books and materials, home service deliveries, and notary service are not possible as we are following guidelines from the Centers for Disease Control and Prevention to minimize person-to-person contact

We will stay in touch with our community:

This remains a fast-changing situation, and we will provide regular updates during this time. We will continue to actively monitor reports of COVID-19 and follow guidance from the CDC, Illinois Department of Public Health, the State of Illinois, and Kane County Health Department. The safety of our community and staff are our primary concern right now.

Discover ways you can enjoy your Library:

Explore our Digital Library, which is available 24/7, at gpld.org/digital-library, where you’ll find eBooks, eAudiobooks, eMagazines, eComics, movies, TV shows, and online resources that include homework help and tutoring, genealogy tools to trace your heritage, recipes and cooking inspiration, newspapers, and more. We also encourage you to follow our social media channels as we begin to highlight our Digital Library collection and help you discover all of its services.

Get ongoing updates at gpld.org:

We continue to monitor reports and maintain contact with state and local health agencies and our local community partners. Please continue to check our website, gpld.org, for ongoing updates. We thank you for your patience and understanding.
